PLEASE SUPPORT OUR AMAZING SPONSORS!

Lindsay Leigh Kimmett
Memorial Foundation

The Lindsay Leigh Kimmett Memorial Foundation was created to perpetuate Lindsay's legacy to the world - making a difference every day. She had accomplished so much in her short lifetime and was poised to do so much more. The Foundation's perpetual fund has already commenced gifting this summer and fall. Lindsay's medical and kinesiology textbooks have been delivered to the Hubert Kairuki University and Mission Mikocheni Hospital in Dar es Salaam, Tanzania to aid in the education of African medical students. "Lindsay's Kids" hockey sponsorships have 3 young players aged 9-10 enjoying new equipment and a place on a Cochrane minor hockey team. In October the Lindsay Leigh Kimmett Memorial Foundation Valedictorian Scholarships will be presented to the 2008 Valedictorians of Cochrane High School and Bow Valley High School. In the spring of 2009 an award will be presented to a University of Calgary Medical School student who intends to specialize in Emergency Medicine which was Lindsay's chosen path in the field of medicine. All of these programs will carry on in perpetuity. The other arm of the foundation will see direct funding of large projects through her flow through fund. This year's project funded through the proceeds from the Monumental Tournament of Aces Golf Tournament and the Kimmett family is to provide funding for the new Spray Lakes Recreation Centre's twin arena proposal.

The Foundation wishes to thank all who have contributed so generously in Lindsay's memory and hopes that the gifting initiatives meet with your approval. It is our wish that your support will continue in the future as we continue Lindsay's legacy of making the world a better place. We invite all to join "The Friends of Lindsay" by registering on her website www.lindsaykimmett.com - you will receive up to date emails detailing foundation news, events, and gifting.

"There are some who bring a light so great to the world that even after they have gone, the light remains ..."
